Archief Philip Staal

Subject: The Israeli Institute for Research association no. 580327096.

I am the Accountant of the Israeli Institute for Research since the year 1998.

The association was incorporated on July 1998 and it submitted the reports for the years 1998-2014 as follows :

1998 – No activity

1999 - There was a minor activity. There were no reports submitted due to the fact that there was no income only some expenses.

2000 – There were revenues of 99,100 NIS (I am not finding from where they were received).

During the years 2001-2008 the association was inactive and no active reports were submitted.

In year 2009 the association was reactivated. Revenues were 200 NIS from membership fees and 13,000 NIS from SIES

2010 – Include a revenue of 75,000 NIS from SCMI + 43,300 NIS from SIES + 300 NIS from membership fees.

2011 –Include a revenue of 49,367 NIS from SIES + 37,133 NIS from CJO

2012 – Include a revenue of 43,000 NIS from SIES

2013 – Include a revenue of 9,697 NIS from SIES

2014 – There was no revenue.
